

Melbourne

This established manufacturer and installer of premium energy-efficient uPVC windows and doors has been delivering high-performance solutions to Melbourne homes and commercial buildings for over 20 years.

Specialising in custom-designed double-glazed systems, the business produces products that dramatically reduce energy costs, improve thermal insulation and sound reduction while using far less energy to manufacture than traditional timber or aluminium alternatives.

Operating from a well-equipped facility with strong supplier relationships and a loyal customer base, this simple, scalable operation offers consistent revenue and excellent growth potential in the expanding energy-efficient building market.

Key Points:

- ? Over 20 years established with strong reputation
- ? Specialises in high-performance energy-efficient uPVC windows & doors
- ? Custom double-glazed systems for superior insulation and sound reduction
- ? Lower production energy and superior durability versus
