

## Melbourne

This blue-chip commercial shopfitting and joinery business, headquartered in Melbourne, is presented for sale for the first time after over 30 years in operation.

With both local manufacturing and offshore sourcing capabilities, this highly resilient business has strong operating leverage and is ideally positioned to benefit from the entry of large new international retailers to Australia over the coming years.

The business provides products and services in both the retail and commercial building markets, with strong national retail chain customers in addition to work with large building companies.

In addition to the local and offshore manufacturing capabilities, the business provides an end-to-end design service for clients with strong internal development capabilities.

This is a rare opportunity to secure a first-rate business with a strong management team and staff, internal systems and processes. The business is run under general management with no day-to-day involvement from the current Directors.
